- Use quantifiable benchmarks (e.g., percentage correct, number of behaviors, time frames).
- Example: "Write a paragraph with at least five complete sentences with 90% accuracy."

3. Achievable and Realistic

Goals should challenge the student but remain attainable within the IEP period.

- Consider the student's current abilities, age, and circumstances.
- Avoid setting goals that are overly ambitious or too easy.

4. Time-Bound

Goals should specify a timeline for achievement, typically within the IEP year.

- Example: "By the end of the 2023-2024 school year, the student will independently calculate basic addition and subtraction problems with 80% accuracy."

5. Relevant and Focused

Goals should address the student's prioritized needs and be relevant to their educational success.

Types of IEP Goals

Different categories of goals address various areas of a student's development:
