Historical Context Leading to the Establishment of the Brazil Program

Brazil's Political Transitions and Democratic Aspirations

Brazil's modern history is characterized by periods of authoritarian rule, military coups, and democratic transitions. The military dictatorship, which lasted from 1964 to 1985, created a climate of repression and limited academic freedom. Following the end of this regime, Brazil embarked on a complex journey toward consolidating democracy, addressing social inequalities, and fostering sustainable development.

During this transitional period, international academic institutions recognized the importance of Brazil's societal transformation and sought to contribute through research, dialogue, and policy support. The growing interest in Brazil's evolving democracy, economic reforms, and social movements created fertile ground for establishing dedicated programs that could facilitate scholarly exchange and policy analysis.
