From Video Game to Comics: The Genesis

The Mega Man franchise originated in 1987 with the release of the classic Nintendo video game developed by Capcom. Recognizing the potential for expanding the universe beyond the screen, publishers and creators began exploring comic adaptations in the early 1990s.

The first notable Mega Man comic series was published by Archie Comics in 1994. The decision to adapt the game into a comic book format was driven by the franchise's popularity and the desire to create a more expansive narrative that could delve into character backgrounds, motivations, and the broader conflict between Mega Man and Dr. Wily. Archie's Mega Man series became a cornerstone for Mega Man comics, running for over a decade and establishing a rich continuity.
